REFUNDS: A refund, less \$50.00, will be allowed if requested prior to June 11, 2010.

ACCREDITATION

AAFP: This activity has been reviewed and is acceptable for up to **36.75 Prescribed Credit(s)** by the American Academy of Family Physicians. Of these credits, **17.50** conform to the AAFP criteria for evidence-based CME clinical content. CME has been increased to reflect 2 for 1 credit for only the EB CME portion. When reporting AAFP credit, report total Prescribed and Elective credit for this activity. It is not necessary to label credit as evidence-based CME for reporting purposes. The EB CME awarded for this activity was based on a current clinical question that identifies gaps in learners' knowledge, competency and/or performance in medical practice as identified in the current evidence available at the time this activity was approved. Since clinical research is ongoing and new evidence to supporting medical practice improvement is constant, AAFP recommends that learners verify sources and review these as well as practice recommendations prior to implementation into practice.

AOA: This program has been reviewed and is approved for a maximum of 19 Category 2-A CME Hours by the American Osteopathic Association.

AAPA: This program is not yet approved for CME credit. Conference organizers plan to request 19 hours of AAPA Category 1 CME credit from the Physicians Assistant Review Panel. Total number of approved credits yet to be determined.

RN: An approved provider by the California Board of Registered Nursing, BRN Provider No. CEP 9591, for 19 Contact Hours.

PHARMACISTS: This course may be used to satisfy 19 hours of continuing education for pharmacists.

Overall Program Objectives of Family Medicine Update: 2010

This program is completely developed by local volunteer American Academy of Family Physicians members to meet the day to day needs of the busy Family Medicine Physician.

After attending this course, participants should be able to:

- More effectively determine patients at risk for a particular medical condition in order to control or prevent further complications.
- Have an improved knowledge of how to better detect and provide treatment for a variety of disease states typically seen by a primary care physician or other primary healthcare professional
- Identify current trends taking place in primary care medicine and how they have an impact on their individual clinical practice.

Educational Grants - This program is supported in part, by educational grants from industry, in accordance with ACCME Accreditation Standards for Commercial support. All supporters will be recognized during the course of this live program.
